Care Instruction for Chenille Furniture:
In order to maintain the original appearance of your chenille ,please follow the simple care procedures below:

- Avoid exposing furniture directly to sunlight or heating and air conditioning outlets. Sunlight and/or exposure to heating and air conditioning outlets will fade/damage chenille.
- Vacuum or wipe with a soft cloth to remove dust.
- Hardware may loosen over time. Periodically check to make sure all connections are tight. Re-tighten if necessary.

For items used on wooden floor,hard surfaces or carpets,it is recommended to install protective pads under all legs and supports to prevent damages,scratches,and discoloration.
